

A scenic view of a lake at sunset. The sky is a mix of orange, yellow, and blue, with the sun low on the horizon. The water is calm, reflecting the colors of the sky. In the foreground, a wooden dock extends into the water, and a small boat is moored on it. The background shows a dark, silhouetted shoreline with trees. The overall mood is peaceful and serene.

The "Home of the Landlocked Salmon," Raymond is located on beautiful Sebago Lake and has six other lakes and ponds within its boundaries. The town offers a uniquely peaceful and healthy living environment, yet is also an easy commute to both Portland and Lewiston-Auburn metropolitan centers.

An active and diverse business community is located along Route 302 bordered by outdoor public flower gardens and a patriotic flag display. Pedestrian-friendly sidewalks connect both Tassel Top and Raymond Beaches to the business areas.

Raymond is an all-season recreational center close to the Western Maine and New Hampshire mountain regions. Many lakes and easy access to the mountains create an ideal environment for outdoor enjoyment. Travel is enhanced by major commuter routes, which lead to other opportunities for health, arts, and business. The Town welcomes its summertime residents and guests who swell the population nearly three-fold as vacationers gravitate to Raymond to experience the way life should be!

Places to Visit and Enjoy

Veterans Memorial Park. Designed to honor Maine's veterans and their families, Veterans Memorial Park is located on a pretty Sebago Lake inlet at the mouth on Panther Run. A public dock is available. The park offers picnic tables, as well as benches for meditation on the contributions of Maine's veterans, or to simply enjoy the vista. Veterans Memorial Park is located on Route 302 directly across from the Good Life Market (Route 85 junction).

Sheri Gagnon Memorial Park, located at 63 Mill Street offers playground equipment, two ball fields and a basketball court.

The Hawthorne House. Nathaniel Hawthorne, the legendary 19th century author of *The Scarlet Letter* and other internationally famous works, lived here with his mother and two sisters from age nine or 10. Mrs. Hawthorne's brother built this house in "Raymondtown" around 1813. Hawthorne House hosts a Strawberry Festival in July, BBQ in August, and a Christmas party in December. The Hawthorne childhood home is located just off Route 302. For more information and directions: www.hawthorneassoc.com

The Raymond-Casco Historical Society is a charitable, educational organization with a fascinating museum on Route 302 near the Casco-Naples line. Its mission is to preserve the many found and donated objects and materials, and document their place in local history. The collection is housed in a red-color building with a magnificent mural depicting the historic Raymond steamboat dropping off passengers to be picked up by the Casco stagecoach. The building and standout mural are easily visible from Route 302. For more information about the store and the museum: info@raymondcascohistory.org (See ad on centerspread.)
